FRENCH ADVANCE THROUGH VOSGES

Germans Routed and One Thousand Made Prisoners at Schirmeck.

CONTINUE PURSUIT

Vise, Belgium, Said to Have Been Burned by Germans Saturday Night—People Driven from Homes.

LEAD

Pars, August 17.—The war office today officially announced that the French advance through the Vosges Mountains was being pressed with vigor. French arms continue to meet with success. At Schimeck the Germans were routed and 1,000 made prisoners. Many cannon and caissons were also captured.

Following Saturday's battle at Dinant, the French continued pursuit of the German forces along the right bank of the River Meuse. Many Germans were drowned in the Meuse in their attempt to escape.

Paris, August 17.—The French lines are closing in on Saarburg. The War Office today announced that the army invading Lorraine now controls Abresweiler, six miles south southeast of Saarburg; Agoudang, seventeen miles directly west of Saarburg, and Salens, which, previous to 1874, was an important fortress. The French are in force along the Lorraine border west of Sarburg.

The French also control all the upper Vosges, having taken Dutzenhausen and several other small villages in that vicinity today. The French losses are heavy, but it is stated that they are less than the Germans, who are slowly falling back in the face of a determined assault.

London, August 17.—That the Germans are being steadily driven back by a united French advance in upper Alsace, south of Muelhausen, was the announcement made by the official war bureau today. It declared that the fighting was of the most desperate character, and insisted that the superiority of the French artillery to that of the Germans was "increasingly manifest."

The announcement then said:

"Everywhere the trenches from wich the enemy (the Germans), is being driven, are found to be filled with dead and wounded. The enemy is making a desperate resistance, but is being pushed by the French advance."

Brussels, August 17.—The German advance is reported halted today. The German troops are said to be waiting in the entrnchments, pending the arrival of further reinforcements.

It is believed here that the German general staff may be considering an aggressive movement from Luxemburg and that, pending its initiation, the present lines in Belgium will be maintained.

A daring dash of German cavalry at Wavre, but thirteen miles from Brussels, Sunday, was announced by the war office today. The Germans were checked after a skirmish and withdrew. The War Office declared the capital was in no way endangered.

London, England, August 17.—The Daily News correspondent at Rotterdam declares the town of Vise, Belgium, was burned by the Germans Saturday nght, after the inhabitants had fired on the invaders. In a dispatch to the News today, it is declared that six Germans were killed and six wounded when the inhabitants fired on the troops. All Belgians were immediately driven from their homes. Women and children were placed aboard a train and sent to Maastricht. The men were made prisoners of war and the town was fired. The women and children sent to Maastricht were hurried from their homes with the clothing which they wore. All were destitute and will have to be cared for by the Dutch.

NEWS OF THE DAY

In the forest-tangled heart of the Hatfield-McCoy feud country, the wilds of Mingo County, and on top of War Eagle Mountin, W. Va., the final fight to the death was fought yesterday between the posses of hundreds of men and the bandits who Friday slew three employes of the Glen Alum Coal and Coke Company and escaped with $15,000. At noon the fight had ended, and five Italians had been shot to death. The outlaws sold their lives dearly, having fought since Saturday noon from the security of their natural fortress, wounding other possemen, until dynamite tore away part of their cave and exposed them to several hundred rifles. The deaths of these outlaws puts the toll of the tragedy at twelve dead and five wounded.

ENGAGEMENT IN THE ADRIATIC

Reports Reach London of Sweeping Victory for French.

SHIPS ARE UNKNOWN

British Mediterranean Fleet Menaces Pola—Bombardment of Defenses Expected at any Moment.

London, August 17.—Reports of the first naval engagement in the Adriatic, between the French and Austrian fleets, reached here today from Nish, Servia. These reports assert a sweeping victory was gained for the French.

According to the story, which is said to be semi-official, the French squadron, which has been in pursuit of the Goeben and Breslau, encountered the Austrians off Badva, and an engagement followed. After a fight of an hour, two of the Austrian ironclads were sunk, a third was set on fire, and a fourth sped towards Cattaro, pursued by the French.

No details of the identity of the warships engaged have been received here. The loss of life is not known.

Rome, August 17.—The British Mediterranean fleet is off the Austrian naval base of Pola, in the Adriatic, and a bombardment of the defenses there is expected. The British fleet of battle cruisers pursued the Austrian cruisers Szigetvar and Saida from Antivari to Pola, but were unable to capture them. The Austrians took refuge inside the rendezvous, under protecton of the land forts, and the British cruisers are expected to try out the defenses of the forts with their heavy guns.

RUSSIA'S DEMAND

Copenhagen, Aug. 17—The newspapers Politicten prints a dispatch from Constantinople to the effect that Russia has demanded that Turkey grant unrestricted passage through the Dardanelles for the Russian Black Sea fleet.

Passage through the Dardanelles is denied to the warships of all nations by treaty. Russia has sought for half a century to break down this restriction, which effectually bars her from naval action in the Mediterranean.

Russia has 65 warships in the Black Sea.

DR. McDANIEL'S ADDRESS

Speaks on Prohibition Before a Large Audience Yesterday.

The Rev. George W. McDaniel, D.D., pastor of the first Baptist Church of Richmond, made an address on statewide prohibition yesterday afternoon at the First Baptist Church. The meeting was largely attended, many men being present and at the conclusion of the address the audience greeted the speaker with applause.

Dr. McDaniel, who has a reputation as one of the most eloquent pulpit orators in Richmond, sustained his advance notices yesterday.

He was not only eloquent but he was logical and he made many telling arguments for the abolishment of the saloon. He gave the following seven reasons why he favored state wide prohibition;

1st. Because the liquor business is lawless.

2nd Because regulation has proven a failure.

3rd. Because the liquor business is a financial responsibility upon a community.

4th. Because the liquor traffic is a corrupting influence.

5th. Because the liquor business is degrading.

6th. Because state-wide prohibition is an extension of the good there is in local option.

7th. Because state-wide prohibition is a success.

Each one of these arguments were carefully developed and many statistics and letters were read to sustain the speaker's conclusions.

AUTOMOBILE BOUGHT

Certain Chesterfield Taxpayers Incensed at Recent Action of County School Board.

Richmond, Aug. 17—Chesterfield taxpayers, particulrly those in certain sections, are highly incensed at the recent action of the County School Board, which purchased an automobile for the division superintendent of schools, although the school levy was raised only last May on account of a scarcity of funds to carry on the running expenses of the county schools. There is considerable talk of organizing for the purpose of going to court to stop the use of the machine until it can be determined whether or not the purchase of an automobile was an authorized expenditure of school funds.

A similar question is now before the Henrico County Circuit Court, a citizen having protested the payment for an automobile purchased for the use of the division superintendent. That the Chesterfield board should have taken similar action while such a question was already pending before the court, is the source of considerable criticism that has been leveled at the members.

The purchase of the automobile is said to have been a speedy matter, and, it is asserted, was done without the vote of a majority of the members of the board, although by the majority present at the meeting. The matter came up on Wednesday of last week and on the following Friday the automobile had been delivered to P. M. Tyler, division superintendent, and was used that night, citizens assert.

The raising of the school levy last May was bitterly fought, and the opponents to the increase in the taxation of the school board, which they assert is inconsistent, having claimed that the funds were insufficent to properly conduct the schools, and then after getting additional money, sinking it in what they term a luxury.

There are twenty-two members of the Chesterfield School Board.. Nine, it is claimed, voted for the purchase of the automobile, two members who were at the meeting not casting a ballot.

JAPAN IS READY FOR HOSTILITIES

Demands Withdrawal of German Fleet from Orient by Sunday.

WAR IS IMMINENT

Will Deal Blow at German Commerce and Halt Aggressions by Kaiser on Britsh and French Ships.

Washington, August 17.—Japan is prepared for war.

Her fleet is manned, ready to strike.

Her army is ready. Transports are Provisioned and steam is up.

Japan's position is no longer in doubt.

Her action in demanding the withdrawal of Germany from the Far East presages a declaration of war either on the part of Berlin or Tokyo.

Explicit in terms, the ultimatum asks the impossible.

Withdrawal of German men-of-war from Japanese and Chinese waters and the disarmament of such as cannot be removed, and the evacuation of Kiau Chau by September 15, the Japanese demands, would strike a blow at German commerce and halt the aggressive operations upon British and French merchantmen already under way.

Tokyo does not expect its demands to be granted and the issue is already drawn.

Hostilities may not be delayed until Sunday.

Germany's declaration of war upon Japan is likely to follow as swftly as she acted against Russia, France and England.

President Wilson expressed himself this morning as satisfied that Japan is acting in good faith regarding her intentions in the ultimatum to Germany.

Early this morning the President had a conference with Secretary of State Bryan, to whom an official transcript of the ultimatum had been delivered by Baron Chinda, the Japanese Ambassador.

The President refused to go further than to express his belief that Japan meant what she said in declaring her intention to safeguard the integrity of China, and to restore eventually to the latter country the Kiau Chau concessions. He explained that in his opinion the obligations of neutrality on the part of the United States government made it advisable for officials in Washington to refrain from discussion of the Japanese ultimatum.

ASSASSINATION IN YORK COUNTY

George W. Fearis Slain and Divorced Husband of Woman Held.

SUSPECTED OF CRIME

Prisoner Refuses to Discuss Killing, but Officers Say They Have Strong Circumstantial Evidence.

Hampton, Va., Aug. 17—Edward Holoway, of Poquoson, York County, has been arrested and charged with being the assassin who shot to death George W. Fearis, an electrician, in the home of Mrs. David W. Harwood here Saturday night. Fearis was shot just as he stepped to the door of the house for the purpose of leaving, after having spent the evening with Mrs. Holloway, the divorced wife of the man under arrest. The assailant used a shotgun and the full charge struck Fearis squarely in the pit of the stomach, tearing an ugly hole and causing his death forty minutes later.

Fearis came to Hampton three years ago from Charlotte, N. C., and was the chief "trouble-man" in the telephone exchange of Hampton and Newport News, The body was sent to Charlotte last night for burial.

Fearis was twenty-four years old and was a member of a well-known North Carolina family.

According to the police officers, Holloway has threatened several times to kill his divorced wife. He was in Hampton Saturday night up to a few minutes of the shooting and the officers knew that he was within a few yards of the Harwood house just before the assassination took place. Following the shooting, Holloway,who is thirty-four years old, went to his home, in York County, where he was arrested within a few minutes after his arrival. He declined to discuss the shooting with the officers, but the authorities say that they will be able to prove the case against him.

Just before Fearis was shot, Mrs. Holloway said she heard a peculiar noise on the porch and remarked to her companion that he had better be careful as she feared her former husband. Fearis said he would leave the house, and then went to the door, where he was shot down. The shooting has created much feeling

Well Known Young Man Injured By Fall is in Critical Condition

Harry B. Quinn, chairman of the Alexandria City Republican Committee, past exalted ruler of Alexandria Lodge of Elks, and a member of one of the best known Alexandria families, is dying at the Alexandria Hospital as the result of a fall at the residence of his brother, Martin A. Quinn, 511 Oronoco street, at an early hour Sunday morning. Mr. Quinn's family was aroused at 12:30 o'clock by hearing a heavy fall in the front hall. Investigation led to the discovery of the body of Mr. Quinn on the floor beneath the landing of the second floor, from which he had evidently fallen. He was unconscious and has not regained consciousness so that he could give any account of the accident. He had retired an hour previously and it is presumed that he walked in his sleep and fell over the balustrade.

Dr. M. D. Delaney was summoned and an examination showed that Mr. Quinn's skull had been fractured near its base. He was removed to the Alexandria Hospital, where but little hope is held out for his recovery.

Mr. Quinn gained consciousness for a few moments today, but relapsed into unconsciousness immediately afterwards.

AFTER TAX DODGERS.

Special Grand Jury to Investigate Tax Returns.

A special Grand Jury will be summoned early in the fall to take up the question of tax returns made by Alexandrians, it was announced today. Many returns made for personal property, incomes and licenses, are believed to be inadequate and the Grand Jury will be charged with summoning all persons who are thought to have failed to list all of their property for taxation before them. The jury has the authority to require the production of books and documents.

The publication of the list of persons who had incomes in excess of $2,000 has created considerable interest in Alexandria and persons who are in a position to know, state that many well-known business and professional men, as well as several women, who have incomes in excess of the maximum allowed by the State without taxation, have failed to make a report to the Commissioner of Revenue.

Judge Louis C. Bauldy, of the Corporation Court, who has the authority to summon the Grand Jury, is out of the city at the present time and it is not known just what date will be selected for the first session.

Joseph DeSilva has been elected first vice-president and G. M. Myers, second vice-president of the Relief Hook and Ladder Company. The vacancies were caused by the death of Frank C. Spinks.

BRYAN THANKS SENATOR SWANSON.

The Committee on Foreign Relations of the Senate recently reported favorably 18 treaties, negotiated by the Department of State, with various nations of the world, for ratification. The committee directed Senator Swanson to make this report and take charge of the treaties when reported to the Senate for favorable action. This was a very high compliment to the Senator from Virginia, and evinced the high esteem in which he is held by the Committee on Foreign Relations and the Senate. He made for the committee an exhaustive report in behalf of these treaties. For two days, in executive session of the Senate, he had charge of the debates in behalf of the ratifications. The debates were elaborate and sometimes heated. The treaties were assailed from many sources, and sought to be amended in many respects. Senator Swanson successfully met the attacks made upon them and all the treaties were ratified without amendment, except in so far as favored by him and the Committee on Foreign Relations. He has been highly congratulated, not only on account of the splendid speeches made in behalf of the treaties and the thorough knowledge exhibited of our foreign relations, but also on his tact in being able to get the 18 treaties ratified within two days.

Virginia is well and ably represented both in the House and Senate upon all important matters coming before Congress.

We print herewith a letter received from the Secretary of State, Hon. William Jennings Bryan, extending his thanks and congratulations to Senator Swanson.

Washington,
August 14, 1914.

"My Dear Senator:

"As a token of appreciation of your interest in and labor for the peace treaties ratified yesterday, I am sending you a two-volume set of my speeches. On page 226 you will find a copy of a speech which I delivered at the Peace Congress held in London July 26, 1906. I presented at that Peace Congress a resolution which contained the substance of the plan embodied in the treaties ratified yesterday. The committee combined this plan with a plan before the convention providing for mediation, and reported a resolution back, embodying both plans stated in the alternative.

"That was eight years ago. You understand with what satisfaction I contemplate the action of the Senate yesterday and how deeply I appreciate the support given to the treaties, especially by those who, like yourself, took an active part in defending them.

"With assurances of regard, I am, very truly yours,

"W. J. BRYAN."

TAKING AN UNFAIR ADVANTAGE.

Unless those in charge of the prohibition meeting, in this city change their tactics they will not have a very large attendance in future of persons who are undecided how to cast their vote in the coming election and who attend the meetings in an honest effort to secure such information as will help them to make up their minds. We believe there are many such persons in Alexandria.

We refer to the requests made at the conclusion of the meetings that all persons who are willing to work and vote for prohibition to rise. This was made at a meeting at the Young People's Buildng several weeks ago and was repeated yesterday at the First Baptist Church. The audience at both of these meetings was almost entirely made up of sympathizers with the prohibition movement and it was very embarassing for those who were not willing to make a public announcement of their intention to vote for state wide prohibition to be made so conspicuous by refusing to rise to their feet.

The address of the Rev. Dr. McDaniel yesterday afternoon was for the most part a logical and eloquent appeal for State-wide prohibition free from much of the sensational play on the feelings that marked Mrs. Armer's address. He produced statistics and letters that showed the excellent benefits that had followed prohibition in other states. Beyond a few uncalled for and scarcastic remarks on Alexandria's progress, the condition of its streets, and its police force and few misstatements in reference to the population and the violations of law by its saloons, the speaker did not refer to the local situation here or show how the people of Alexandria would be benefited by the closing of its saloons while those in Washington remained wide open.

Rev. O. W. Triplett, of this city, closed the meeting by asking for a collection for the anti-saloon league and in doing so made two statements that will give the reverend gentleman some trouble in proving. He said that the difference between a prohibition meeting and an anti-prohibition meeting was that the former was opened with prayer and the latter was opened by everyone taking a drink. He asked for funds because he said that the anti-prohibitonists had $800,000 to spend on the coming election.

It is needless to say that both of these statements are incorrect.

MORAL OF AN OLD FABLE.

One of the productions of Aesop tells of a discussion between a fox and a cat concerning the adroitness necessary to escape packs of hounds. Reynard said he had many tricks to show them before he could be overtaken. Grimalkin sighed and replied: "Alas, I have but one, and if it fail, I will be undone."

A pack of hounds was about that time drawing near. The cat darted up a tree, while the fox, with all its tricks, was run down and torn to pieces.

During the last two-score years Germany, with its magnificent military acquirements, has posed on dress parade, seemingly asking 'Who is able to war with me?" It was generally believed in the fatherland that one of the Kaiser's soldiers was equal to four of any other nation. But how actual results have shattered such dreams is shown by the prowess of the heretofore small and despised Belgium, which has proven such an impediment to the iron heel of the Teutonic nation And we read that the dogs of the country, employed in times of peace in pulling milk wagons in streets of Brussels, are now drawing machine guns and doing their part towards driving the haughty Germans who are disposed to make Belgium the passage way to France.

NO MORE FALLING HAIR
NO MORE DANDRUFF

Nearly every one has dandruff, and must reconcile themselves to the idea of becoming completely bald or resort to the use of Newbro's Herpicide.

The manufacturers have absolute faith in Herpicide to remove all traces of dandruff. So perfect is this belief that all dealers are instructed to sell the preparation with a "money back" agreement.

Such supreme confidence is the best evidence in the world of the merit of Herpicide. They know the result, hence the guarantee. It protects the purchaser.

Used as directed, Newbro's Herpicide eradicates dandruff and prevents the hair from coming out. It stops itching of the scalp, which is so disagreeable.

Newbro's Herpicide in 50c and $1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at good barber shops.

MAN AND WOMAN KILLED

Double Tragedy Followed Quarrel At Portsville, Del.

Laurel, Del., Aug.17—Portsville, a fishing village about three miles below Laurel, has another murder sensation.

Mrs. Jacobs Morris, aged 46, and Curtis Givens, a sailor, aged 30, were found dead of gunshot wounds in the Morris home yesterday morning.

Portsville was the scene of the Collins tragedy 12 years ago, when the wife of a farmer was murdered.

According to the story of a negro boy who lived with Mrs. Morris, Givens called at the Morris home on Saturday and was driven away by Mr. Morris, who shortly after left for Milford, where he was employed.

After his departure Givens returned and asked Mrs. Morris to accompany him on a trip to Norfolk. Her refusal precipitated a quarrel and Given left in an ugly mood. During the night he returned and, not finding Mrs. Morris at home, she having gone to spend the night with a sister, broke into the house and went to bed. Mrs. Morris returned in the morning, encountered Givens and the quarrel was renewed.

The negro became frightened and ran to the home of Mrs. Morris' son, whom he told that Givens and his mother were fighting. Hastening back with the negro, young Morris found both Givens and his mother dead.

The woman's death was caused by the contents of a shotgun, which penetrated under her left shoulder blade. Givens had a slight shotgun wound in the groin and a bullet from a 32-calibre pistol through the brain.

It is believed that Mrs. Morris first shot Givens with the gun and that he then overpowered her and killed her with the same weapon. He then is thought to have ended his own life with a pistol shot through the brain.

TEN PER CENT INCREASE IN WAGES.

The efficiency of a working man is greatly increased by total abstinence. This is the declaration of a large quartz company at Chester, Penn. Recognizing this fact, the company has offered all its men who will abstain from the use of liquor an increase of 10 per cent in wages. How do the subsidized business men of Richmond reconcile the above with their local self-government calamity howl?

Skin Sufferers—Read!

We want all skin sufferers who have suffered for many years the tortures of disease and who have sought medical aid in vain, to read this.

We, as old established druggists of this community, wish to recommend to you a product that has given many relief and may mean the end of your agony. The product is a mild, simple wash, not a patent medicine concocted of various worthless drugs, but a scientific compound made of well known antiseptic ingredients. It is made in the D.D.D. laboratories of Chicago and is called the D.D.D. Prescription for Eczema.

This is a doctor's special prescription—one that has effected many wonderful cures.

The effect of D. D. D. is to soothe instantly, as soon as applied; then it penetrates the pores, destroys and throws off all disease germs and leaves the skin clean and healthy.

We are so confident of the marvelous power of D. D. D. that we have taken advantage of the manufacturers guarantee, to offer you a full-size bottle on trial. You are to judge the merits of the remedy in your own particular case. If it doesn't help you, it costs you nothing.

D. D. D. Soap is made of the same healing ingredients. Ask us about it.
